

27 January 2013

Al Mal Capital is pleased to announce that its UAE Equity Fund won the 2013 MENA Fund Manager Award for ‘UAE Equity Fund of the Year - 3 Year Performance’. The Fund also won the MENA Fund Manager Award for ‘UAE Equity Fund of the Year’ in 2011.

Mr. Naser Nabulsi, Vice Chairman of Al Mal Capital, stated, "It's a big honor for us. This recognition is a testimony of our strong and consistent equity fund performance. Our expertise in Asset Management has been evident in the outstanding performance of the products that we have introduced."

"We did it again" said Mr. Tariq Qaqish, Head of Asset Management "to be nominated to five awards in one year for 5 managed public funds is an outstanding achievement for Al Mal". Our main focus has been and will always be to build consistent long term track record and be the best choice for pension and sovereign wealth funds. Our simple and disciplined investment processes are keys to our success. Our fund management team is dedicated and passionate to achieve consistent outperformance by focusing on themes, companies that offer industry leadership, strong management, healthy margins and sustainable growth."

The MENA region and specifically the Gulf countries are projected to represent an increasing importance to international funds due to GCC improving macro and solid financial status. While developed countries are taking on more debt to stimulate their economies, the GCC is building their reserves for future spending and should stand out in 2013. One clear evident example is the large scale infrastructure build out taking place across the MENA region.

"All macro factors are directing to an improved picture and Al Mal Capital is your choice to capture MENA opportunities" stated Mr Nabulsi. " We offer a wide range of investment products and services for institutions, banks and high net-worth, encompassing Asset Management, Investment Banking, and Brokerage.
